## OBJECTIVE

To secure a summer internship in the Software Industry and further develop my development skills.

## EDUCATION

**Baruch College, Zicklin School**, New York, NY **Expected May 2021**  
Bachelor of Science, Computer Informational Systems

**Lambda Full-Stack Development School**, Provo, UT  
Studied full-stack development using ReactJs, MongoDB, ExpressJs, and NodeJs.

## PROFESSIONAL EXPERIENCE

**CUNYCodes**, New York, NY, Front-end Development Intern **Jan. 2018-Present**

- Acting as scrum master for a team of 6 to develop a Blockchain-based secure messaging platform.
- Using the MEAN stack as chief front-end developer to design and develop the user interface.
- Will present minimum-viable-product to the CUNY start-up accelerator at the end of the semester.

**Bluehost**, Provo, UT, Linux Server Professional **Feb-Oct. 2016**

- Assisted and coordinated with customers to improve their Linux server technology and security.
- Strengthened back-end server skills by mastering Bash and the CLI.
- Created tools for the company to diagnose and fix common problems autonomously.

**Refugees United**, Nairobi, Kenya, Web Development Intern **June-Sep. 2015**

- Traveled to the largest refugee camp in the world, Dadaab, to interview refugees.
- Helped prototype meshnet technologies to provide connectivity to refugee camps.
- Constructed a mobile website from front to back for use with their platform.

## LEADERSHIP EXPERIENCE

**CUNY Crypto Club**, Baruch College, Lead Developer and Advisor **Jan. 2018-Present**

- Used my extensive knowledge of Blockchain technology to advise technical decisions.
- Developed and maintained the club website at <http://CUNYCrypto.com>.
- Helped organize events with over 100 guests, including hosting the Head of Marketing for Ripple.

**Hack for Baruch Technology Club**, Baruch College, Director of Education **Oct. 2015-Present**

- Developing and presenting educational workshops for our 20+ club members.
- Researching and cataloguing opportunities for sponsorship and recommendation.
- Working directly with Baruch's Computer Informational Systems department to organize workshops.

## ADDITIONAL EXPERIENCE AND HONORS

**Minkys**, Pleasant Grove, UT, *Shipping Specialist* **Aug-June. 2015**  
**Boy Scouts of America**, Highland, UT, *Eagle Scout (Top 2%)* **Oct. 2015-Present**
